TO WHOM IT MAY CONCERN:

This letter will serve as a reference for Steve Behrends, as well as his employees and subcontractors (Business known as Keystone Design/Build Remodeling).

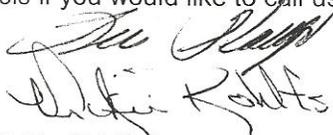

We were fortunate to have chosen Steve as our contractor for some major remodeling of our home – it was truly our lucky day when he was referred to us.

Steve and his people totally gutted and restored our kitchen and utility room, replaced several sliding glass doors and performed a major modification to our deck.

Their performance and end results of the project are absolutely outstanding! They worked with us continually during the project, telling us where we were with our budget, keeping us updated on their day-to-day activities, and providing guidance and suggestions every step of the way until the project was finished. In fact, in time to come, there will be more remodeling and projects to be done in our home and Steve will definitely be the contractor.

In this day and age, it is refreshing to know there are still some business people out there who truly care about their finished product, as well as their customers, are honest and can be trustedSteve and crew can be counted in that group. In fact, we feel we have made some new friends through this experience.

We would be more than happy to talk with you further regarding Steve and his people on a one-to-one basis if you would like to call us at (719) 592-1104.
